For continued release-

### **EAGLE RIVER-Free Wildlife Education Programs**

The Northwoods Children's Museum is hosting free educational programming by the Northwoods Wildlife Center, Mondays this summer at 10:30am at 346 W. Division St, Eagle River. Sponsored by the Northwoods United Way, everyone is invited to learn about our local wildlife.

No registration is required, all ages welcome. The wildlife program is free, regular admission applies for those wishing to play in the museum before and after programming. Some programs will feature live animals, so flash photography and loud noises are prohibited.

For questions, please call 715-479-4623.

The Northwoods Children's Museum is here to enrich lives, support families, and encourage a love of learning through interactive play.
