

FOR IMMEDIATE RELEASE-EAGLE RIVER WI

The Northwoods Children's Museum is thrilled to express our heartfelt gratitude to the TAWANI Foundation for their generous donation, which funded our new roof and supported additional museum operational needs. The roof project commenced in November 2023 and was completed in March 2024.

Previously, the Museum's roof was a patchwork of repairs and small replacements, leaving the building vulnerable to weather-related damage. Recognizing the necessity of a long-term solution, NCM's Board of Directors sought price estimates and applied for the TAWANI Foundation grant. The grant covered the entire cost of the roof replacement, providing a durable and reliable shelter for the Museum. Additionally, the TAWANI Foundation's support extended to our operational needs, ensuring that our 25-year legacy of offering a safe and educational place for children and families continues.

The TAWANI Foundation's impact extends beyond the physical structure; it embodies the essence of our mission – the Power of Play. Play stimulates healthy brain development, builds essential skills for learning and problem-solving, and supports early math skills. The TAWANI Foundation's generous contribution is not just an investment in our infrastructure but also in the very foundation of childhood development and education. As a 501(c)(3) nonprofit organization, the Northwoods Children's Museum relies on contributions that are tax-deductible and directly support our mission to enrich lives, support families, and encourage a love of learning through interactive play. With a monthly operating budget of \$25,000, support from donors and foundations is crucial to continue providing these valuable services. Our 25-year history of enriching lives through play underscores the importance of ongoing community and donor support.

Thank you, TAWANI Foundation, for contributing to the Power of Play!
